How to get the most porn for your dollar...

Almost all porn sites, no matter what fetish you prefer have one of the following "peek" services:

- **\$1 Trial Membership**
- **Free Membership (for E-mail, no credit card)**
- **Free Membership (with credit card)**
- **Trial Memberships for a different price (other than \$1)**

These trial offers are provided to give you a chance to "try" the website before you purchase a monthly membership.

The porn site is hoping to hook you with their content into a paying customer, however, there's no obligation or requirement to keep paying afterwards.

You can cancel your membership at any time with no worries of "fraudulent" billing.

So, for just \$1.00 you can get unlimited porn at most sites for a limited amount of time. During this time, you can do whatever you want with that site...

We highly recommend ALWAYS doing a trial membership before becoming a paying customer – hell, you don't know if the site's gonna have the women you're looking for!

You got so many choices today, look around and you'll find what you're looking for.

Finding Fetish Sites to Match Your Taste...

We're going to discuss 3 techniques you can use immediately to find any porn fetish you want.

- **Using the search engines**
- **Using advertising**
- **Searching Porn directories**

Your jaws would drop if you saw the variety of porn out there, no matter what nasty thing you like – there is a website dedicated to fulfilling your lust.

Finding these sites is not hard at all either.

Using Search Engines

Well, there's the obvious, just type in your fetish into any search engine and hope that you find what you want. Well, there are some tricks you can use to make search engines find what you want.

First of all, use Google.com – www.Google.com

Second, use the following tips:

- 1. Use quotes (" and ") around your search – this makes your search more specific. The search engine goes out and looks for exactly what you type in – as a phrase.**

Ex/ "girl fucking girl" instead of girl fucking girl

- 2. Use the + sign**

This can also help because now the search engines look for your words connected.

Ex/ girl+fucking+girl instead of girl fucking girl

Using Advertising

Once again, go back to Google.com and type in what you're looking for. Now, look to the right and look at the ads.

People are paying for those ads to be there so it's likely they are highly targeted.

Find what you want and click that ad – chance are you'll quickly find the fetish you want.

Using Directories

Go to www.CrazyPornDeals.com and we guarantee that you'll find any nasty fetish you want. Look down the left side and you'll find what you need. Click it and you'll find tons of free pictures and videos – we even show you all the sites where you can get ALL the porn you want for a \$1.00 or equivalent.

Why are Trial Memberships So Cheap?

The fact that these trial membership are so cheap is good for you! These porn companies can't risk losing your business, so they have to make sure they get the best content in there.

The trial membership are cheap because they are confident that after you see their content, you'll want to become a paying customer.

They also know that a majority of people who join end up staying and paying so they can afford to offer you everything for so cheap...

Can you try more than one Trial Membership?

Sure! Why the hell not! All these websites are separate – even though many may be owned by the same company, they don't care if you try more than one site.

Hell, they want you to!

Trial memberships is a porn company's way of getting customers, the more you try – they more they make, they love it.

The more you try, the more porn you get for your \$1.00!

What if I do like the site?

Great! Now just decide if you can afford the few bucks it takes to become a paying customer. Just stay a member and the site will automatically bill you the right amount.

You don't have to do ANYTHING now...

Just stay and keep enjoying your porn!

BUT, make sure you know how much you're getting billed. All sites have different deals – some charge a dollar for one day, some charge a dollar for 3 days. The key is to make sure you know how much they charge AFTER that.

Hell, why pay a lot more if you can get the same shit for a lot cheaper at another website – do your research!

Re-billing Amounts

Alright, we just talked about this above – each site has DIFFERENT monthly billing.

First of all, they start with a different trial offer...

- **Some are free to try...**
- **Some are \$1.00 for 1 day**
- **Some are \$1.00 for 3 days**
- **Etc...**

So, the first thing you need to do is make sure you know how much you're getting paid up-front.

Then, each site has a different amount that they re-bill each month.

You'll be shocked as hell to see what a difference some of these sites have in their monthly billing amounts. Make sure you know how much you're paying – you're gonna get that billed after your trial membership runs out.

What are Multi-Sites and why they save you money...

What do you want? You wanna pay \$1.00 for EACH damn fetish you try – of you rather just pay \$1.00 ONCE and get any fetish you want right to your computer.

Multi-sites kick ass because you can get access to a shit load of fetishes for just a buck.

So, there ya go, want a lot of porn, any fetish you want, all for 1 dollar?

Find a MULTI-SITE and you're set.

Want an example?

Alright, so instead of paying \$1.00 for 20 different websites (20 different fetishes), spending \$20.00 just trying shit – you can pay just \$1.00 and get into all 20 fetishes.

Find the one you want, and go with it – you tested everything for just \$1.00!

Where can you find a good multi-site?

Go to www.CrazyPornDeals.com and you can find them all there.

How to cancel a Trial Membership?

Easy as hell – just cancel your membership right through the site. There’s almost always a clear “cancel membership” process right on the site.

If you don’t find it on the website, then just shoot them over an e-mail or some form of contact.

If you still don’t feel comfortable, just call up your credit card company and tell them to stop processing any charges from that company.

It’s easy, the person in the credit card company won’t even know you’re buying porn; the company name they charge under is something different.

Credit card companies will never argue with you, and it takes just a minute AND it’s 100% fail-proof.

You don’t have to worry about ever getting any further charges.

BUT...

ALWAYS USE A CREDIT CARD TO BUY PORN – don’t use other methods, use a credit card for the more protection.

Alright, look, you can get all the freakin porn you want for \$1.00 – you don't have to spend time scouring the internet looking for free shit.

It's all crap...
